NEW HAZELTON, B. C., MARCH 16, 1923

No. 37

Whole District Mourns the Death of Mrs. H. C. Wrinch

The funeral of the late Mrs. Wrinch was held yesterday afternoon, services being held in the Union Methodist church at 2.30 and interment took place in the Hazelton cemetery. The remains were conveyed from the residence to the church where the population of the district turned out almost en masse to pay their last respects to the departed. Besides the Hazelton and New Hazelton people there were representatives from Kispiox, Terrace, Smithers, Telkwa, and Rev. Mr. Ferrier, of Brandon, Man., head of the Indian Mission Department of the Methodist church. Six tribes of Indians from the different parts of the district were present, including the bands of the Church Army and the Salvation Army.

The pall bearers were H. H. Little, E. R. Cox, C. H. Sawle, W. S. Harris, R. S. Sargent and S. H. Hoskins.

At the church the following ministers took part in the service:—Rev. J. H. Young, Terrace; Rev. Proctor, of St. Peters Anglican church; Rev. M. W. Lees, Smithers; Rev. W. Mawhinney, Telkwa; Rev. T. E. Ferrier, Brandon, Man. and Rev. J. R. Hewitt, pastor at Hazelton and New Hazelton. The latter preached the sermon, taking as his subject "Eternal Life" and at the conclusion paid a beautiful tribute to the life and service of the late Mrs. Wrinch. Rev. Mr. Mawhinney and Rev. Mr. Ferrier paid feeling tribute to the departed. Rev. Ferrier also conveyed the sympathy of the Methodist Official Board, the ministers of the Methodist church and the medical profession, not only to the bereaved family, but to the district also in the great loss sustained. Following the burial service at the grave by Rev. Mr. Hewitt, Robt. Tomlinson spoke to the Indians in their native tongue, the Church Army choir and the Salvation Army choir sang, and the Church Army band rendered a selection.

The floral tributes were magnificent beyond description. From all parts friends and relatives in this way expressed their admiration of the deceased and their sympathy for those left behind. The floral tributes included wreaths from each of the Indian tribes as well as many individual offerings.

The funeral arrangements were in the hands of the B.C. Undertakers, of Prince Rupert.

The Hazelton District and Northern British Columbia, suffered a great loss early Sunday morning when Mrs. Wrinch, wife of Dr. H. C. Wrinch passed away. For the past four years she had been a great, but a very patient sufferer, and even during the last several months when needing constant care, she was bright, cheerful and optimistic, although her family and her friends knew that the end was not far off. Her death has left a big gap in the life of this district that is, and will be, keenly felt.

The late Mrs. Wrinch was a daughter of the late Ralph and Martha Breckon and was born

on the old homestead near Oakville, Ont. Early in life she followed the profession of teaching in the public schools of Toronto for a time and then took a short term in deaconess work while waiting for an opening to enter the training school for nurses in Grace Hospital, Toronto. She got her diploma about a year before coming to British Columbia in 1900 with her husband, to undertake medical missionary work among the natives and whites of the Hazelton district.

During the past twenty odd years she saw many changes in population and in conditions, but she never deviated from her ideal of Christian service. She was an ideal wife, a grand mother, a true friend, a great worker and generous and kind to a degree. Her home was ever open, and her wonderful hospitality and her kindness rekindled the fires of hope in many a depressed bosom.

After coming to northern British Columbia the late Mrs. Wrinch devoted her life, outside her home, to the Hospital, the church, the schools and to the betterment of social conditions. Her work was a success and this district owes much to her efforts. She was president of the Ladies' Aid in the Hazelton church from its beginning until the last annual meeting, when she presented her resignation. She was a member of the public school board for a number of years, and was still a member when she passed away.

Until four years ago Mrs. Wrinch enjoyed excellent health, but since then had been unable to take the active part to which she had so long been accustomed. But at no time did she ever lose interest in the people of the district and their doings, even in her last hours she discussed plans for the further development of the school children.

The deceased is survived by a husband, four sons, Leonard at university in Edmonton, Cooper, in the Union Bank at Hazelton, Arthur, attending high school in Vancouver, and Harold at home, and one daughter, Ralphena, at home; three brothers, Henry C. Breckon, who is a fruit grower at Oakville, adjoining the old homestead, and who has an international reputation; Joseph W. Breckon, Burlington, Ont., and John T. Breckon, of Langley Prairie, municipal engineer; and two sisters, Mrs. Wm. King, of Dunville, Ont., and Mrs. H. W. Love, of Irma, Alta. J. Russell Love, a member of the Alberta Legislature, is a nephew.

With the family and relatives the community mourns and shares their loss.

Oddfellows' Ball

The Oddfellows of Terrace are holding their first annual ball tonight. Nothing has been spared to make this an outstanding success. Arrangements have been made to accommodate a large crowd. J. M. Viger will have charge of the floor. 1*

A Surprise Party

A most enjoyable surprise party was held last Friday evening for Mrs. Richmond and Miss Richmond, at their residence in New Hazelton. The evening was spent in card playing, dancing and singing. Music was provided by Mrs. McDonnell and Mrs. Hewitt, and Geo. D. Parent sang two solos. The happy gathering broke up in the small hours.

Had Fine Drive

Last Saturday afternoon the New Hazelton Sunday school children went for a sleighdrive to South Hazelton. There were twenty-four happy young people who took in this ride, which was provided by Mr. and Mrs. D. McLeod, of Vancouver, who sent a sum of money at Christmas time for the Sunday School. After coming back to town refreshments were provided in the church and games followed.

Introduce Atlantic Salmon

In order to introduce the famous Miramichi salmon into British Columbia, millions of salmon eggs from Newcastle, New Brunswick, are on the way to Terrace, where they will be raised at the Lakelse hatchery. This will be the first attempt that has been made to propagate in this province this noted Eastern species, which, unlike the Pacific salmon, does not die directly after spawning, but returns to salt water.

A Bumper Meeting

A bumper meeting of the Terrace and Kitsumkalum Parent-Teachers' Association was held in Progress hall Thursday, with Mrs. Sundal in the chair. Business first occupied attention and it was left to a committee of teachers to purchase games outfits for the schools. Several proposals to beautify the school grounds were made, the matter ultimately being referred to the board of school managers. A capital musical program followed with an address on newspaper reminiscences by H. Halliwell, and substantial refreshments concluded a successful meeting.

The Dominion Conservatives are planning a convention to be held in Ottawa, probably next December.

The new mill at Britannia mine has resumed operations and is turning out fifty tons of copper every day. That is an increase of fifty per cent.

THE WORLD—"IT DOES MAKE A CHAP FEEL SMALL"

OVERHEARD AROUND NEW HAZELTON

Rev. Mr. Mawhinney, of Telkwa, was a guest this week of Rev. J. R. and Mrs. Hewitt.

The well D. F. Belknap dug for Col. Cooper at Moricetown is 26 feet deep with nine feet of excellent water. In the first seven hours the water rose six feet.

The Vanderhoof Board of Trade recently passed a resolution unanimously objecting to a provincial government liquor store being established there.

A train-load of ties were shipped from here this week. The ties were got out by Marshall, Senkpiel and Mike George, each of whom are operating camps near town.

The pole market is now absorbing some of the smaller poles which have been a glut on the market for the past couple of years. Last Saturday Hanson's men shipped a big car-load from here.

At the quarterly board meeting held in Hazelton last Thursday night Rev. J. R. Hewitt was extended a unanimous invitation to spend another year here following the next general conference in May.

John Likely, who was the real discoverer of the Cedar Creek gold country, is about to be removed from the Old Men's Home Kamloops, to be the first mayor of the new town of Likely, B. C. The town is to be incorporated under his name. Mr. Likely is one of the best-known old mining men of the northern part of B. C., and at one time amassed a fortune, which he subsequently lost in mining ventures.

John Heitman Dies Following Loss of Limb

On Wednesday afternoon Mrs. W. S. Sargent received the sad news that her brother, John Heitman, had passed away in the hospital at Juneau, the result of an accident he met with while at sea in his fishing boat "Alaska". At that time he had an arm caught in a winch and so badly crushed that upon his arrival at the hospital the doctors found it necessary to amputate. The deceased was born at Sirreisa, Tromso, Norway, forty-five years ago, but has been on this side of the Atlantic for many years. He was a fisherman and a sailor, and a part owner of the ship on which the accident occurred. On Thursday morning Mrs. Sargent and daughter left for Prince Rupert, where they will join the boat that is taking the remains to Seattle for interment. The deceased leaves a wife, two daughters and a son to mourn his loss. Mrs. Sargent will have the sympathy of this community.

Spray Calendars

The Department of Agriculture has issued a "Spray Calendar" which also includes control measures for insects and diseases attacking small fruits, as well as measures for rodent control. This calendar may be had free upon application to the horticultural branch of the department, Victoria. It is a very valuable document and should be in the possession of everyone who has small fruits or tree fruits.

Geo. Little has gone east on business.

The Late Mrs. Wrinch

With the death of Mrs. H. C. Wrinch early on Sunday morning one of the happiest and brightest lives that ever lived on the frontier came to an end. For more than twenty years the deceased lived and labored with her husband for the sick, suffering and needy, and particularly was she interested in, and enthusiastic for, the welfare and development of the children of the district. In early life she set for herself a high ideal of christianity and useful service. That she achieved her ambition none who ever came into contact with her will deny. Life was not always a bed of roses, but she met every obstacle with a smile and with optimism. During the early days, when life was pretty much of a grind, she proved herself a superior woman and from the beginning became a leader of the religious, educational and social life of the district, a leadership which she retained until her demise. For the past twenty-odd years no good movement was undertaken in which she had not a material or a moral interest. During the past few years, as a member of the public school board, she took a very active and energetic part in developing the children, physically and mentally, and it was largely through her efforts that the present school grounds and equipment were secured. It was only on Saturday, and a few hours before she passed away, that she discussed with a fellow member of the school board plans for providing further equipment for the school children for this spring.

The late Mrs. Wrinch lived a beautiful life. She was loved, honored and respected by all, whites and natives alike. She will be missed. Her place in the district will never be filled by an individual. The Northern Interior, and especially the Hazelton district, share with the husband and family their great loss.

Kispiox Timber

The day is not far off when the Kispiox Valley will begin to produce wealth from its great supply of cedar. For years the cedar men have been eating into the merchantable stands close to the Grand Trunk Pacific railway. There are still thousands of telephone poles and thousands of pieces of piling adjacent to the railway, but the supply is very limited. But in the Kispiox Valley the cedar has not yet been touched, and has suffered comparatively little from fires. There are hundreds of thousands of cedar trees that have an ever

increasing value, and which will, within the next few years, give employment to hundreds of men, make money for contractors, owners of the timber and for the provincial treasury. It is hoped that the owners of that timber, the settlers in the valley and the forestry department fully realize the wealth that is stored in the cedar of the Kispiox, and that every precaution will be taken in future to prevent a fire getting a start. This is not so much a provincial matter as it is an individual and a district interest. We in the district will be the heaviest losers in case of loss through fire.

Cedar men are now giving thought to the Kispiox timber. In the past the problem of getting the logs to the railway has been the chief difficulty, but that is being overcome with more and better roads, with ferries and bridges. But the Kispiox cedar will be floated down the river to a convenient point on the Skeena and there taken out of the water and loaded on the cars. Plans are now being developed for such an undertaking. Within the next two years it is safe to prophesy that the Kispiox will be one of the chief shippers of cedar poles and piling.

What applies to the Kispiox also applies to the Kitsequecla, the Kitwancool and other valleys of the lower Skeena.

Bootleg gambling is the latest social privilege being advocated by the "back-door operators" at Ottawa. In a few more years there will be no one using a front as a policeman will be placed there to search the pockets and to tax an X-ray of heart, soul and stomach of all who might wish to pass that way.

For the first time in their lives the deaf children, or many of them, at Point Grey School for deaf children, heard music a few nights ago. A radio set was installed in the institution and the youngsters could hear with the ordinary receivers.

Northern Lights

The Lugubrious Person says: "I suppose this practical Christianity they tell us about is that which makes a man pray on his knees in church on Sunday and prey on his fellows for the rest of the week."

On those occasions when you get fed up with everything and imagine your existence is the most miserable on earth, just think of the dentist. Life to him is just one long grind.

Spring's advent: "Day by day, etc., it gets wetter and wetter."

The loading activities in the railway yards these days provoke the thought that a bunch of knots does not necessarily constitute a tie.

PRINCE RUPERT, B.C.

F. I. Discusses Many Things at General Meet

A general meeting of the Kitsumkalum Farmers' Institute was held in Progress hall on Friday night, a good number being present under the chairmanship of H. A. Swain.

After the passing of the minutes of the preceding meeting J. H. Young, the secretary, read various letters. One from Smithers, in reply to a request for a loading and unloading platform at the station, stated that the C.N.R. could not expend \$1200 on such a purpose at present.

H. Frank said the platform required could be built by contract for little over \$100 and the secretary was instructed to write the Company again on the matter.

A letter from the Provincial Fruit Inspector stated that it was expected that Mr. Richards would again attend Terrace as fruit inspector this year.

The directors were empowered to purchase two lots at the rear of the G.W.V.A. hall on which to erect buildings required by the Institute.

H. Halliwell introduced the directors' report on the proposed marketing of fruit and outlined a form of growers' contract. This was considered in detail and after amendments, was adopted.

and it was agreed that signatures to the same be secured during the present month.

The full copy of the contract is as under:—

GROWER'S CONTRACT

The Kitsumkalum Farmers' Institute hereby agrees to market the produce delivered to it by the undersigned and duly to pay the undersigned for it in accordance with this contract.

The undersigned grower agrees to deliver to the Institute all his fruit which he has for sale in good marketable condition, the same to be inspected, graded and shipped by the Institute.

The Institute shall make payment to the grower on the 1st and 15th of each month of moneys due to the grower.

The grower shall allow the Institute a commission at the rate of 12 1-2 per cent on the nett produce of his crops, such commission to be subject to being lowered or raised each year according to requirements.

This contract shall be in force during the years 1923, 1924, 1925.

A meeting of signatories to this contract shall be held during the month of June in each year to consult about prices.

Any breach of this contract shall render the offending party liable to civil action at law.

To all the above provisions I hereby agree and submit my signature hereunder.

The chairman intimated that unless 80 per cent of the acreage under berries came into the scheme it would be dropped.

FARMERS CAN HELP COLONIZATION

IN CONFECTION WITH THE IMMIGRATION
CAMPAIGN BEING CARRIED ON OVERSEAS

CANADIAN NATIONAL RAILWAYS INDUSTRIAL and RESOURCES DEPARTMENT

WILL RECEIVE APPLICATIONS FROM FARMERS
PREPARED TO ENGAGE FARM HELP (MALE OR
FEMALE) FOR A PERIOD OF ONE YEAR AT RATES
OF WAGES CURRENT AT TIME OF ENGAGEMENT

Farmers are to make application on a form that may be obtained from C.N.R. Station Agents. C.N.R. representatives overseas will endeavor to secure the class of help required in Great Britain, Belgium, Switzerland, Denmark, Holland, Norway and Sweden. The Governments of these countries stand ready to assist this class of their people to emigrate to Canada, but feel that they should be assured of employment for at least one year in order to gain sufficient Canadian farming experience to fit them for going on farms of their own. Farmers who are able to do so can thus assist in colonization work by engaging help by the year. There will be no charge to the farmer for our service, nor will the farmer be required to make any cash advance for the travelling expenses of his help to the nearest railway station. The information necessarily asked for in these application forms, which will be held in strictest confidence, includes: the kind of help required—male or female—married or unmarried; date required and for how long; nationality desired; monthly wages offered; kind of work offered, etc.

FOREST BRANCH

Examination for the Position of Assistant Forest Ranger

OBJECT—

These examinations are for the purpose of filling present vacancies and to enable candidates to qualify for future vacancies and increases in staff.

ASSISTANT FOREST RANGERS—

Assistant Forest Rangers are employed during the fire season of each year and this period is extended where possible by work on improvements such as trails, etc. Re-appointment is made each year as long as satisfactory service is given. Promotion to the permanent staff is made by merit and examination as occasion offers. The salary is \$100 per month the first year and \$110 per month the second year, and \$120 the third year. Travelling expenses are also paid.

QUALIFICATIONS FOR CANDIDATES

Candidates must be British subjects resident in British Columbia for at least one year, of good character, good physical condition and with woods experience.

They should have experience in fire fighting; possess the ability to organize work and handle men; and have knowledge of the Forest Act.

The examinations are partly written, partly oral and are designed to test the candidates' ability along the above lines. All statements made by applicants as to experience, education and fitness are subject to verification by the examining board.

PREFERENCE IS GIVEN TO RETURNED SOLDIERS WITH THE NECESSARY QUALIFICATIONS.

THE EXAMINATIONS—

The examinations will be held at the places and on the dates named below. Each intending candidate should apply to the District Forester of his district for application forms and for information regarding the hour of the examination and the building in which it will be held. Application forms should, in each case, be filled out and mailed to the District Forester in time to reach him at least two days before the examination.

John Bjornstad, of Usk, Dies in Prince Rupert

John Arthur Bjornstad, eldest son of Mr. and Mrs. C. A. Bjornstad, of Walhalla, North Dakota, died in the Prince Rupert Hospital early on Saturday morning.

He had been admitted to the hospital about three weeks ago, suffering from what at first had been believed to be a severe cold, going to Rupert from Usk, where he had spent several months. After his admission to the hospital it was found that he had a serious affection of the spine, presumably brought on by injuries sustained in a couple of automobile accidents as a result of which he had been several months in a Minneapolis hospital. About two weeks ago the seriousness of his condition was realized and a day or two before his death his father arrived from the States in response to a telegram.

The late Mr. Bjornstad was 28 years of age, and was born at Walhalla, N. D., of Norwegian parentage. He is survived by two sisters and a brother beside his parents. He served in the United States army during the late war, and was a member of the Masonic and Woodmen's Lodges.

The remains, which were in charge of the B.C. Undertakers, were shipped to Walhalla on Monday night for interment and were escorted to the train by members of Prince Rupert Masonic lodges.

Radio is sure the coming rage.
Messrs Sparkes have been put-
ting through some wondrous
things. Mr. and Mrs. Keith
sampled the 'Frisco program the
other night. Mr. Sparkes has
specialized and is now open to
advise anyone wanting to instal
the new wonder.

The Ladies' Auxiliary is plan-
ning to hold a bazaar in May with
a view to helping the Vet's Club
finances. Already a sum of
money is promised to provide
material.

Cons. Mancor returned Monday
night from his search for a lost
man at Shames. The outfit of
the lost man was found but six
day's search gave no clue as to
his whereabouts.

Mr. and Mrs. McIntyre plan to
make their home down in the
sunny south.

Mrs. Marsh has been below par
again and has spent a little time
on the Bench. "where the sun
shines" with Mrs. Lanfear and
Miss French.

The executive of the Farmers'
Institute have now received the
contract forms for growers and
will be glad to sign up all berry
growers during this month.

Owing to amendment of the
Drainage Act a meeting of the
owners concerned in the Horse-
shoe Drainage District is to be
held at the end of this month to
elect the Commissioners and de-
cide their remuneration.

Method Prevent Growth of Horn Younger Calves

In the case of beef-bred calves
destined to be finished for the
block, or of calves of the dairy
breeds where horns are consid-
ered a menace, the practice is to
treat the calf for the prevention
of horn growth before it is ten
days old. The treatment must
be thorough and the caustic used
up to strength, or malformed
horns will develop. Caustic potash
in stick form is recommended,
but Gillette's lye may be used.
Clip the hair away from the
buttons, wash with soap and
water and dry. Apply vaseline
or crude petroleum so that it covers
the button itself. Take a stick
of caustic potash, wrap it in
paper as a protection to the hands
and moisten the tip of the stick
and rub it on the buttons. Two
methods are recommended; first,
rub the buttons gently for three
or five minutes until they become
red; second, rub on three or four
times, at intervals, allowing the
potash to dry on the horn button
each time. The last-mentioned
method will generally give better
results. Precaution should be
taken to protect the hands; not
to let the dissolved potash run
over other parts of the head; to
tie the calves up or separate them
so that they cannot lick one
another, and not to let water or
rain fall on their heads for a
few days. Where calves are
older than a week or ten days
and some horn development is
present—a condition often met
with where this operation is done
at branding and altering time on
the range—a widely used plan is
to cut the top off the horn, avoid-
ing causing bleeding, if possible,
and then rubbing on caustic po-
tash, or, a paste made of Gillette's
lye and applied with the blade of
a knife.

Notice to Contractors

USK SCHOOL

SEALED TENDERS, superscribed
"Tender for Usk School," will be re-
ceived by the Honourable the Minister
of Public Works up to 12 o'clock noon
of Thursday of the 15th day of March,
1923, for the erection and completion
of a two-room school and outbuilding
at Usk, in the Prince Rupert Electoral
District, B.C.

Plans, Specifications, Contract, and
Forms of Tender may be seen on and
after the 16th day of February, 1923, at
the Office of:—J. Mahony, Government
Agent, Court House, Vancouver; J. H.
McMullin, Government Agent, Court
House, Prince Rupert; J. P. MacDon-
nell, Secretary of the School Board,
Usk; or the Department of Public Works,
Victoria, B.C.

Intending tenderers can obtain one
copy of plans and specifications by ap-
plying to the undersigned with a deposit
of ten dollars (\$10.00), which will be
funded on their return in good order.
The lowest or any tender not neces-
sarily accepted.

E. PHILIP,
Public Works Engineer.

Department of Public Works,
Victoria, B.C., February 8th, 1923.

In the Supreme Court of British Columbia.

IN THE MATTER of the Estate and
Effects of LEONARD HELAS, De-
ceased, Intestate.

—and—
IN THE MATTER of the "Adminis-
tration Act" and Amending Acts.
TAKE NOTICE that by an Order
made by his Honour, John Donald
Swanson, a local Judge of this Honour-
able Court, on the 26th day of February,
1923, the undersigned was appointed
administrator of the estate and effects
of the above-named deceased.

ALL PERSONS having claims against
the said estate are hereby notified that
full particulars of such claim, verified
by Statutory Declaration, must be filed
with the undersigned on or before the
4th day of April, 1923.

ALL PERSONS indebted to the said
estate are hereby notified that payment
of such indebtedness must be made to
the undersigned forthwith.

Dated at Kamloops, B.C., this 3rd
day of March, A.D. 1923.

race, B. C.,
is open to receive orders for spraying
or pruning fruit trees. Practical ex-
perience. Satisfaction assured. Terms
reasonable.

Usk -

Skeena's Industrial Centre

Joe Fadool, Prince Rupert, was
in town on Monday.

Mr. Hatt, of Terrace, paid a
flying visit to town Friday.

The ditcher is side-tracked at
Usk, cleaning out mud slides.

C. W. Dawson, Hazelton, was a
guest at Hotel Durham for a day.

A dance took place at the hall
Saturday with the usual crowd.

Mrs. J. W. Eckert returned from
Terrace, where she took one of
her grandchildren for medical
treatment.

J. Colburn expects to start again
to complete the shingle mill, the
building of which has been in
abeyance since last fall.

The building of the Usk school
will be the next activity. It will
have two rooms and will have a
splendid location on the bench.

E. F. Duby returned from a
trip east and has started up op-
eration again at the mill, with a
few new hands and repairs to
the machinery.

The future "Cordillera" Hotel
has arisen to its second storey like
a mushroom, changing the land-
scape of Kitselas Ave. to the
appearance of a blooming city.
It is the first pretentious build-
ing yet built in the village. It is
the intention of the townspeople
to make a merry opening when
ready, so the proprietor, T. Shack-
elton, says "the doors and win-
dows will be wide open in wel-
come."

Capt. John Willman, left for
Rupert Friday, owing to the
critical state of John Bjornstad,
at the hospital, whose father,
Chris, Bjornstad, was wired to
and proceeded back here, from
Walhalla, North Dakota, where
he had had only time to remain
overnight with his wife, who was
in a critical state. He arrived at
Rupert only in time to see the
last moments of his son living.
The community extend their
sympathy to the bereaved par-
ents. The untimely passing of
the deceased cast a pall over
Usk, where he was so well known
and lived for some time in con-
nection with the Kleanza Co.

No Bridge Commitments

Hon. Dr. Sutherland has return-
ed to Victoria from Ottawa, where
he took up with Hon. Dr. King
the matter of bridges over the
Skeena river. The Dominion
minister of public works agreed
with the provincial minister of
public works that water level
bridges were preferable to ferries.
The Dominion minister did not
commit himself to any expendi-
ture on these bridges.

The Dominion government has
decided upon very extensive re-
ductions in fishing licenses along
the Pacific coast. The northern
district will lose the greatest
number, and it is proposed to
make the reductions apply al-
together to the Japs. It is ex-
pected their places will be taken
by Indians.

Hanall

J. York was a visitor in Ter-
race Saturday.

Olof Hanson spent Tuesday in
town on business.

Austen Goodenough was here
Saturday on business.

H. Ball and J. Beasley have
taken positions in the mill.

Thos. Snell, of Usk, was in
town Thursday on business.

Mrs. Hagen paid a business
trip to Terrace Saturday last.

S. Bergman and Wm. Hagen
were visitors to Usk Sunday.

J. P. MacDonnell, of Usk, is in
town making extensions to the
office.

Frank Parker was a visitor in
town several times during the
week.

The mill is running its fullest
capacity, ten more men having
been taken on.

Misses A. Allen and M. Cowen
were guests of Mrs. F. H. John-
ston at Usk Sunday.

Mrs. Bunn and Mrs. Edgar, of
Usk, were the guests of Mrs.
Lidstone on Tuesday.

Bert Wearmouth left Thurs-
day for Rupert after spending the
past three months working here.

The men in the woods have
been busy getting out a large
order for boom logs to be ship-
ped to the Great Lakes, 18 cars
having already been sent for-
ward.

Forestdale

Rev. Father Allard held mass
here in the hall on Wednesday
and also held service at Topley
the same day.

J. A. McDonald is inspecting
ties here as they are loaded on
the cars. Twenty five cars were
loaded this week, and the same
number is still to be loaded.

Most Rev. F. H. DuVernet,
Archbishop of Caledonia, held
confirmation service here in St.
Paul's church last Sunday. Mrs.
B. B. Keddy was a candidate for
confirmation. A large congre-
gation gathered, including a num-
ber from Rose Lake.

TIE LOADER WAS INSTANTLY KILLED

While engaged in loading ties
at Forestdale on Friday last,
John Carlson slipped from the
gang-plank while carrying a tie,
which fell on him, causing his
instant death. The remains were
shipped to Smithers on Sunday.

Dr. G. C. Paine, of Telkwa,
has been appointed medical health
officer and medical inspector of
schools for Telkwa and the sur-
rounding district, including Round
Lake, Deep Creek and Wood-
mere.

Rev. J. R. MacCrimmon, of
Burns Lake, was attending the
Presbyterian synod in session in
Vancouver last week.

Synopsis of Land Act Amendments

Minimum price of first-class land
reduced to \$5 an acre; second-class
to \$2.50 an acre.

Pre-emption now confined to sur-
veyed lands only.

Records will be granted covering
only land suitable for agricultural pur-
poses and which is non-timber land.

Partnership pre-emptions abolished,
but parties of not more than four
may arrange for adjacent pre-emp-
tions with joint residence, but each
making necessary improvements on
respective claims.

Pre-emptors must occupy claims for
five years and make improvements to
value of \$10 per acre, including clear-
ing and cultivation of at least 5 acres
before receiving Crown Grant.

Where pre-emptor in occupation not
less than 3 years, and has made pro-
portionate improvements, he may, be-
cause of ill-health, or other cause, be
granted intermediate certificate of im-
provement and transfer his claim.

Records without permanent residence
may be issued, provided applicant
makes improvements to extent of \$300
per annum and records same each
year. Failure to make improvements
or record same will operate as for-
feiture. Title cannot be obtained in
less than 5 years, and improvements
of \$10 per acre, including 5 acres
cleared and cultivated, and residence
of at least 2 years are required.

Pre-emptor holding Crown grant
may record another pre-emption if
he requires land in conjunction with
his farm, without actual occupation,
provided statutory improvements made
and residence maintained on Crown
granted land.

Unsurveyed areas, not exceeding 20
acres, may be leased as homesteads,
title to be obtained after fulfilling res-
idential and improvement conditions,
and surveying land.

For grazing and industrial purposes
areas exceeding 640 acres may be
leased by one person or company.

Mill, factory or industrial sites on
timber land not exceeding 40 acres
may be purchased; conditions include
payment of stumpage.

Natural hay meadows inaccessible
by existing roads may be purchased
conditional upon construction of a
road to them. Rebate of one-half of
cost of road, not exceeding half of
purchase price, is made.

PRE-EMPTORS' FREE GRANTS
ACT.

The scope of this Act is enlarged to
include all persons joining and serving
with His Majesty's Forces. The time
within which the heirs or devisees of a
deceased pre-emptor may apply for
title under this Act is extended from
one year from the death of such
person, as formerly, until one year
after the conclusion of the present
war. This privilege is also made re-
troactive.

No fees relating to pre-emption
are due or payable by soldiers on pre-
emptions recorded after June 26, 1918.
Taxes are remitted for 5 years.

Provision for return of moneys ac-
crued, due and been paid since August
1, 1914, on account of payments, fees or
taxes on soldiers' pre-emptions.

Interest on agreements to purchase
town or city lots held by members of
Allied Forces, or dependents, acquired
direct or indirect, remitted from es-
tablishment to March 31, 1920.

SUB-PURCHASERS OF CROWN
LANDS.

Provision made for issuance of
Crown grants to sub-purchasers of
Crown Lands, acquiring rights from
purchasers who failed to complete
purchase, involving forfeiture, on
fulfilment of conditions of purchase,
interest and taxes. Where sub-pur-
chasers do not claim whole or original
parcel, purchase price due and taxes
may be distributed proportionately
over whole area. Applications must
be made by May 1, 1922.

GRAZING.

Grazing Act, 1912, for systematic
development of livestock industry
provides for grazing districts and range
administration under Commissioner.
Annual grazing permits issued based
on numbers ranged priority for estab-
lished owners. Stock owners may form
associations for range management.
Free, or partially free, permits for
settlers, campers or travellers, up to
certain head.

"The House of Quality" HAZELTON, B.C.

HAZELTON NOTES

Frank Dowling returned to Hazelton last week and went up to his old post at Eighth cabin on the Yukon Telegraph line. He spent some time in Vancouver taking treatment at a military hospital.

Miss Flo Grey, of Smithers, has been in town this week relieving at the Union Bank during the absence of Cooper Wrinch.

Robt. Langlands returned on Thursday morning after spending the winter in the south with members of his family.

Last Sunday morning the roof of Johnny Smith's house on the reserve was on fire and did some damage, but not serious.

Upon his forthcoming visit to Edmonton, C. W. Dawson anticipates making arrangements for the purchase of a powerful radio receiving set, which he will install in the Omineca Hotel.

An executive meeting of the Ladies' Auxiliary in connection with The Hospital will be held on April 4 and a general meeting on the 11th of April.

Leonard Wrinch arrived from Edmonton on Wednesday to attend the funeral of his mother.

Ladies are Active

The ladies of the G.W.V.A. at Terrace have been busy lately. On Saturday they had a most enjoyable afternoon tea to the accompaniment of a musical program. There was a good turnout especially in view of the inclement weather. Mrs. Attwood rendered several selections on the piano and Margery illustrated the Highland fling very nicely. Janet Young and Carry Plater gave a duet on the piano, Janet and Mrs. Sundal each adding recitations to the program. The result was very satisfactory. On Tuesday the ladies held their general meeting at the home of Mrs. Mancor. After business was ended, Mrs. McIntyre, who had resigned the post of secretary, and is leaving the district, was presented with a nice little memento of her association with the Auxiliary.

Radio

The conditions encountered in this country for receiving broadcasting programs are at times very exacting and require a radio receiving set which is capable of detecting the very minute signals from distant stations. To meet these exacting conditions a radio receiving set has been developed having two stages of radio-frequency amplification ahead of the detector tube. This receiving set is very sensitive and will receive broadcasting stations at much greater distance than ordinary sets. This method of amplification is far superior to audio-frequency amplification since the presence of signal distortion and tube noises are entirely overcome. With years of experience and much experimenting with radio apparatus we are
